MEMORANDUM FOR ALTERNATE ARMY BOARD MEMBER, MR. GARY ABRISZ
NAVY BOARD MEMBER, CAPTAIN MIKE HERB, USN
AIR FORCE BOARD MEMBER, MR. PAUL PRICE
MARINE CORPS BOARD MEMBER, MR. JERRY MAZZA

SUBJECT: Correction to Approved Changes – Vote by Correspondence on proposed Revision to Department of Defense 6055.9-STD, C9.4.1.2 “Quantity-Distance Criteria for Aircraft Loaded with Selected Munitions”

References: (a) DDESB-KT Memorandum dated 22 June 2001, Subject: Approved Changes – Vote by Correspondence on proposed Revision to Department of Defense 6055.9-STD, C9.4.1.2 “Quantity-Distance Criteria for Aircraft Loaded with Selected Munitions”

(b) CNO Memorandum 8020 Ser N411C1/1U59115 dated 23 March 2001, Subject: Modifications to Proposed Changes to Department of Defense 6055.9-STD, C9.4.1.2 - Criteria for Aircraft Loaded with Selected Munitions

(c) E-mail from Mr. Gary Abrisz (ASA-I&E) dated Tuesday, 24 April 2001, 4:28 PM, Subject: RE: Draft Memorandum - Interim Guidance for 12-inch Thick Substantial Dividing Wall (SDW)

(d) E-mail from Paul Price, GS-15, AFSC/SEW, dated Wednesday, 16 May 2001, 12:45 PM, Subject: FW: Quantity-Distance Criteria for Aircraft

(e) E-mail from Mr. Jerry Mazza dated Friday, 25 May 2001, 2:22 PM, Subject: RE: Quantity-Distance Criteria for Aircraft

There is an error in the text of the approved change to the Standard that was attached to reference (a). This memorandum provides the corrected approved change. Reference (a) is rescinded.

The Department of Defense Explosives Safety Board (DDESB) has approved by correspondence (references (b), (c), (d) and (e)), the attached changes to Department of Defense 6055.9-STD, C9.4.1.2, “Quantity-Distance Criteria for Aircraft Loaded with Selected Munitions.”

The corrected approval with attachments will also be posted on the DDESB webpage: <http://www.hqda.army.mil/ddesb/esb.html>.

My point of contact for this matter is Dr. Josephine Covino, DSN: 221-8625;
Commercial phone: 703-325-8625; Fax: 703-325-6227 and E-mail:
Josephine.Covino@hqda.army.mil.

APPROVED VERSION

C9.4.1.2. Aircraft loaded with munitions, shown in subparagraphs C9.4.1.2.1., C9.4.1.2.2. and C9.4.1.2.3., below, are exempt from quantity-distance requirements when evaluated as a PES:

C9.4.1.2.1. HD 1.2.2 - gun ammunition, 30 mm or less.

C9.4.1.2.2. HD 1.3 - Captive missiles or aircraft defensive flare/chaff.

C9.4.1.2.3. HD 1.4 - munition.

C9.4.1.2.4. These aircraft must be parked in designated aircraft parking areas that meet airfield criteria.

C9.4.1.2.5. Uploading and downloading of explosives will be conducted in explosives sited aircraft parking areas with the exception of munitions listed in sub-paragraph C9.4.1.2.1 through C9.4.1.2.3 above. These munitions can be uploaded and downloaded at the designated aircraft parking areas provided that the quantity of munitions involved in the operation is limited to a single aircraft load.

Add definitions of new terms to the Glossary:

AP1.1.XX Designated Aircraft Parking Area. An Aircraft parking area that meets airfield parking criteria.

AP1.1.XY Explosives Sited Aircraft Parking Area. An aircraft parking area that meets both explosives safety and airfield criteria.
